A	Frontal Lobe	Thinking, Memory, Behavior, and Movements	
B	Temporal Lobe	Hearing, Learning, and Feelings	
C	Parietal Lobe	Language and Touch	
D	Occipital Lobe	Sight	

Football Helmet Design

Sketch a design of your football helmet to prevent brain injuries. Then, label each part with what types of materials you plan to use to build the prototype.

A large, empty rectangular box with a thick black border, intended for sketching a football helmet design. The box is positioned to the right of the brain illustration and occupies most of the lower half of the page.
