

Welcome to Chestnut Ridge Middle School, an International Baccalaureate World School!

We're off to a great start for the 2020-2021 academic year. Our teaching staff and administrative team are working together to ensure our students are healthy, safe, supported, engaged and challenged.

Entering the new school year, the health, safety, and wellbeing of our CRMS Family will remain our number one priority. We are grateful to have such a caring community that is dedicated to helping make the return to campus successful. We are confident in our ability to ensure all of our students enjoy a safe and positive transition back to school.

Although masks hid smiles across our student's faces as they came off busses and through our campus entrances, their excitement, and energy radiated through the mask. Students easily transitioned back into a new school routine and respectfully followed the [health and safety guidelines](#) we implemented. While there were many adjustments to new routines, one important thing remained the same - is our Vision Statement which says: We will be proficient in all that we do!

We remain humbled by the resiliency, flexibility, and the abundance of care shown by all staff members. A special note of gratitude to our faculty who have repeatedly shown a commitment to ensure the continuing support of our learners, both Hybrid and Remote, through blended learning.

Despite the challenges we have faced this year, we are continually amazed and inspired by the fact that through it all, students have demonstrated their incredible ability to be positive and adaptable learners.

I look forward to partnering with our families to support your student's academic success as they rise all the way up and beyond!

Be well,

Holly Zuber-Banks
Principal
