Education • Equality • Excellence

A Community Called East Ramapo

Ramapo High is one of two high schools within the East Ramapo Central School District. East Ramapo is the largest school district in Rockland County, with a public school student population of 11,876 for the 2019-2020 school year.

Located approximately 25 miles northwest of New York City in the center of Rockland, East Ramapo is a middle-class suburban, predominantly residential community within commuting distance of New York, Westchester, and northern New Jersey. Its total area is 33 square miles: an estimated 298,500 residents live within its borders.

Rockland County has three private four-year colleges, a state university, community college, and rapidly growing and diversified cultural arts programs. Its central location at the base of the Tappan Zee Bridge, across the Hudson River, makes it an ideal location in which to live, work, and learn, as well as a geographically vital area through which the New York State Thruway, Palisades Interstate Parkway, and other essential arteries run.

East Ramapo Central School District's Mission and Vision

As a unified community, the East Ramapo Central School District is committed to educating the whole child by providing a healthy, safe, supportive, engaging and challenging learning environment; and the vision is we will become proficient in all we do embodying the numerous programs and services available to students.

The School System

East Ramapo was nationally renowned for the excellence of its offerings and the achievements of its staff and students. As a lighthouse district, East Ramapo had long been in the forefront of providing quality education. East Ramapo is well on its way to reclaiming its first place status once again. This begins in the earliest grades, which provides the foundation for a program of studies at the secondary level that is second to none.

Our district's explicit instruction, efficacy, professional learning communities, common core learning standards and mindset program has been infused into the curriculum in each subject area at the earliest elementary levels.

At the secondary level, the breadth of East Ramapo's course offerings is wide ranging. From grades 7-12, the district offers 38 courses in English, 36 in social studies, 32 in math, 26 in various areas of technology, 25 in science, and nearly two dozen in the fields of art, human ecology, music, and physical education.

The School

Ramapo High is a comprehensive, four-year high school that serves a student population of approximately 1,467 for the 2018-2019 year. The Class of 2019 contained qualified students, each of whom has satisfactorily completed the required number of units of credit to become seniors. Ramapo is a well-equipped facility that meets all standards required for accreditation. The school is equipped with the most up to date technology, such as seven computer labs of 24 stations each, Smart Boards, Chrome Book Carts, and Promethean Boards in all classrooms.

The Faculty

One of the most important factors in determining the quality of education that students receive is the quality of the faculty providing instruction. And Ramapo's certified staff is among the most qualified anywhere. An estimated 45% have 15 years or more of teaching experience, a Master's degree, plus at least 15 additional graduate credits.

Program of Studies

A comparison of East Ramapo's high school course offerings with those schools that the U. S. Department of Education designated as the "Top 10" in the country, some years ago, has revealed that East Ramapo's program of studies is "unusually comprehensive." Major areas of study include college preparatory, art, technology, music, human ecology, and vocational programs.

Class Rank

Class rank is based on the average of final marks in all subjects from grades 9-11, except physical education. Ranking is computed at the end of grade 11 (with the exception of students who enter the school after the first day of 10th grade). Class rank is reported on all transcripts to colleges and is recorded on the permanent record card.

Grouping

Grouping in Ramapo High is by ability, achievement, and teacher evaluation. Those in advanced placement courses constitute the upper 20% of the student body. Those in honors courses comprise the upper 40% of the student body. Regents courses contain students in the average academic group. The extensive honors program at Ramapo includes AP and college-level courses in Accounting, American History, Art, Biology, Calculus, Chemistry, English, European History, French, Music, Physics, and Spanish. Accelerated and enriched programs are offered in English, Mathematics, Social Studies, Biology, Chemistry, Physics and several foreign languages.

Grading Policy

A	90-100
B	80-89
C	70-79
D	65-69
F	Below 65

*AP/College level courses - 10% weight
Honor level courses - 5% weight*

College Attendance

A total of 96% of last year's graduating class is currently attending institutions of higher learning. Of the Class of 2019, 50% are attending four-year colleges and universities and 46% are enrolled in two-year schools.

Of special significance to students is the school's career resource center that provides a central location for students to research and develop post-high school objectives. The center, which functions as an arm of the guidance department, has computer terminals which have access to a vast amount of data on colleges and universities across the country.

Additionally, this resource center houses an extensive collection of current college catalogs, career manuals, armed forces brochures, and other career-related publications.

Pupil Services

Ramapo High has a student-to-guidance counselor ratio of approximately 1:250. The school also has access to a psychologist, registered nurse, speech and hearing therapists, and teacher of the visually impaired, conflict and resolution specialist.

Co-curricular Activities

In the area of co-curricular activities, Ramapo High offers a most comprehensive selection of opportunities. These include theater, mock trial, and debating teams; yearbook, newspaper, and literary magazine; math, Science Olympiad, science research and academic clubs, band, orchestra, chorus, and dance; foreign language, My Brother's Keeper (MBK), honor society clubs, and student government.

For those interested in community service, there are the much-honored Key Club, school chapter of Students Against Destructive Decisions, Varsity Athletes Against Substance Abuse, volunteer fire and ambulance corps, Community Action Club and tutoring-among others.

The district/school also offers competitive varsity and junior varsity sports programs for boys and girls.
