

"A Unified Community Educating the Whole Child"
Healthy, Safe, Supported, Engaged, Challenged

Snow Day Challenge #1

Here's how it works:

- To participate in the challenge you will need to complete an indoor and/or an outdoor activity.
- After you complete the activity, you will fill in the Snow Day Challenge Log.
- Bring your log to school and share it with your physical education teacher.
- *With your parents permission*, send pictures and videos to snowdaychallenge@ercsd.org.

Are you ready for East Ramapo's *first* snow day challenge of 2016? If you are, then let's get moving.

Here's your first challenge:

Indoor

Have a dance party in your living room.

- Pick out a favorite song or two and shake it like no one's watching.
and/or

Have a catch with an invisible ball.

- Throw the ball back and forth as you safely move around the room.

Outdoor

Create an army of snow angels

- How many angels are in your army?
and/or

Create a square using your footsteps in an outdoor snow covered area.

- What is the area and perimeter of your square?
