

## PUBLIC USE OF SCHOOL DISTRICT FACILITIES

Organizations that will not be granted buildings and grounds permits include:

- Commercial organizations
- Political organizations
- Organizations primarily serving nonresidents

Special circumstances and requests must be addressed to the Superintendent of Schools or designee for review.

Scheduling

Use of district facilities may be permitted unless such facilities are in use for school purposes or other educational programs. The district reserves exclusive and nonreviewable judgment to determine if a request for use would interfere with or disturb the district's educational programs.

Programs that service youth, defined as 18 years of age or younger and enrolled in grades Kindergarten through 12, will receive priority over other programs that do not meet that criteria.

Care of Facilities

It is expected that all organizations abide by school district policy 1520 (Public Conduct on School District Property). Organizations will be responsible for any damage caused to facilities during their activities. Failure to properly care for facilities will result in the immediate revocation of permit. In addition, any organization found to have improperly cared for district facilities during their activities may be barred from receiving permits in the future. As per the Department of Health, the school district ensures that restrooms will be available for permit holders using our buildings and fields. It is the permit holder's responsibility to ensure that participants and spectators at their event(s) use the restrooms in the school building. Any violation of this rule may result in the revocation of the organization's permit(s), as well as rejection of any future permit requests.

Payment Policy

A permit will not be issued unless the school district receives payment in full no later than 3 business days prior to the requested date. This includes receipt of a security deposit when applicable. For seasonal permit holders, 50% of the seasonal fee is payable no later than 3 business days from the first date of usage. The remaining 50% is due the week before the last scheduled date of usage. All checks must be drawn on a bank authorized to do business in New York State.

Security Deposit

A security deposit is required for all AUDITORIUM permit requests. The amount will equal 20% of the total permit cost and is due no later than 3 business days prior to the requested date. Any violation of the terms and conditions of this permit, including but not limited to, bringing food into the auditorium; and/or if the number of people in attendance exceeds by

more than 10% the number listed on the permit, will automatically result in a forfeiture of the security deposit in its entirety. The School District will return the security deposit once it confirms that the permit conditions have been complied with.

### Insurance

Building permits will only be issued upon receipt of current certificate of insurance, naming East Ramapo Central School District as “ADDITIONAL INSURED.” All Insurance coverage must carry a minimum of \$1,000,000 per occurrence and \$2,000,000 aggregate.

### Fee Schedule
