

## STUDENT ATTENDANCE

The Board of Education recognizes that attendance is an integral part of a student's academic success in school and that home and school must work together to ensure that a student fulfills his basic responsibility of attending all classes and to be on time to all classes.

The Superintendent of Schools shall establish regulations to carry out this policy in order to keep to a minimum unexcused absences, tardiness, and early departures, to encourage full attendance by all students, maintain an adequate attendance recordkeeping system, identify patterns of student attendance and develop effective intervention strategies to improve school attendance.
